

17 GOALS CHALLENGE

We challenge you

We are a charity guided by the United Nations Sustainable Development Goal's, that is building an international community of people united in a common goal of making an impact on global issues.

Our Mission

“To support communities in creating brighter, better and more sustainable futures for all their citizens.”

What we do

We identify existing community projects which share our ethos, and build collaborative partnerships with the local stakeholders. Our role is to support, nurture, resource, fund and assist with these projects – it's about taking a joint approach to a global issue on a local level.

What we do

We support local self-sustaining projects that impact key global issues and provide vital resources and equipment for projects to develop and become sustainable, while ensuring equality and opportunities to everyone globally.

Introducing the United Nations 17 Sustainable Development Goals

The United Nations worked with a number of stakeholders from across the world to identify 17 Global Issues that we are all responsible for tackling by 2030.

Introducing the United Nations 17 Sustainable Development Goals

The 17 Goals

What are these goals for?

They address the global challenges we face, including those related to poverty, inequality, climate, environmental degradation, prosperity, and peace and justice. The Goals interconnect and in order to leave no one behind, it is important that we achieve each Goal and target by 2030.

We challenge you...

- Select any project that we are raising funds for
- Raise £5,000 over 3 months (15 employees that is **£130** a month!)
- Fundraise, charity challenge, bake sale, team builders – get creative!
- You will be added to a competition leader board to win prizes
- You will have your own dedicated corporate/team fundraising page to share
- We will be here to promote, support and keep you in the loop throughout the campaign
- Have Fun!
